9999784763

2.2+ Years of experience as UI Designer with hands-on experience in designing and developing responsive websites using HTML and CSS. Skilled in creating user-friendly interfaces and delivering end-to-end live websites. I want to work for an organization which provides me the opportunity to improve my skills and knowledge to growth along with the organization objective. Also to obtain a creative and challenging position in an organization that gives me an opportunity for self-improvement.

EXPERIENCE

1. WiseOnlineStores Pvt. Ltd.

UI Designer

Dec 2024 till date

Roles and Responsibilities

- Designed and developed responsive websites using **HTML and CSS**, ensuring clean layouts and cross-browser compatibility.
- Currently working on **Convertri**, an online platform for building high-performance websites and landing pages.
- Created and customized user-friendly web pages within the Convertri framework to match design and usability requirements.
- Designed and developed responsive, user-friendly websites using **HTML/CSS** to ensure optimal performance across devices.
- Utilized HTML to structure content, including headings, paragraphs, images, links, and forms.
- Applied CSS to enhance visual appeal through styling, including colors, typography, layouts, and positioning.

Created and delivered below live websites.
